The multilingual concierge has the task of making your wishes possible. You can turn to him to arrange and organise your stay in the best possible way, he never turns down a request. Therein lies the art of hospitality, which reaches the highest level of perfection in this hotel. The concierge will take care of organising your activities outside the hotel: a shopping trip with personal shopper in the most famous fashion cities, photo shoots and private visits to the surrounding cities (e.g. Venice), reserved admissions to museums, a sightseeing flight in a private helicopter, an appointment booking with the styling and make-up consultant or your personal James Bond cocktail, pillow selection and sleeping fragrance for your room.

An extraordinary wellness treat: **"Golden Touch", the facial ritual with 24-carat gold** that counteracts signs of ageing, helps regenerate skin cells and stimulates collagen production. It is based on a special formula with hexapeptides that have a botox-like effect. The precious mask made of 24-carat gold is handmade with a fusion at over 1000 degrees and gives the skin a radiant glow and a fascinating amber-coloured complexion. The massage with jade rollers supports the gradual action of the hyaluronic acid and ensures that the skin receives long-lasting moisture and a unique radiance. The ritual is inspired by the luxurious habits of Cleopatra, who is said to have used a cosmetic mask made of gold to maintain and preserve her legendary beauty.
