Pristine and diverse

Private trip on your preferred date

13 days from Blantyre/to Lilongwe (with flights/Ethiopian Airlines from/to Frankfurt, 15 days)

Enjoy nature

Travel individually

Due to the warmth and hospitality of its people, Malawi is often referred to as "the warm heart of Africa." The country between Tanzania, Zambia and Mozambique awaits you with its originality and diversity. Magnificent landscapes, national parks rich in wildlife, untouched nature and dream beaches on Lake Malawi make the still relatively unknown country a gem of Africa. Away from mass tourism, you can discover the continent's fascinating wildlife on game drives, bush walks and boat trips and experience a lasting African adventure.

Your journey begins on a charming tea plantation in the hilly south of Malawi. In the Majete and Liwonde National Parks you will experience fantastic safari adventures, and, with a little luck, you will come across the 'Big Five'. The impressive Lake Malawi, home to countless seabirds, enchants with small fishing villages, picture-perfect beaches and a wide range of water activities.

You will stay in enchanting boutique hotels and comfortable lodges, always attentively and at the same time unobtrusively cared for by the warm-hearted Malawians.

The best time for this trip is from April to October. In April, May and June, after the rainy season, the land is lush and green, and the paths are dry. From July to October the grass is drier and allows for better sightings of the animals. October is the warmest month of the year (good for water activities in Lake Malawi). In the other months, travel is limited.

## **Important information**

### **Information about the national parks**

The **Majete Wildlife Reserve** is located away from mass tourism and has an incredible history of nature conservation. Ten years ago, the animals in the reserve were almost extinct. Today it is home to numerous black rhinos, elephants, buffalo, waterbucks, antelopes and zebras, as well as leopards and lions. Animals have since been relocated from there to other parks in Malawi.

The **Zomba Plateau** is located within the Shire Highlands, the highest peaks reach over 2000 meters. It is a true paradise for hikers and offers a magnificent view. Steep slopes rise up to the plateau on three sides and turn into wooded hills further down. There you will find cypresses, cedars and pines. Zomba is known for its diverse birdlife and is home to numerous antelope species.

The **Liwonde National Park** is dominated by the sluggish Shire River and its lush vegetation along the edge. It evokes the romantic image of untamed Africa, especially at night, when the air echoes with the chirping of frogs and the grunting of hippos. Grassland and savannah, forests and marshland alternate. A boat safari on the Shire River is a must to see the wonderful nature from a different perspective. Bush walks with experienced guides and game drives offer unique experiences. The park has the largest elephant population in the country and a large number of hippos, antelopes, leopards, hyenas, lions and more than 400 species of birds.

**Lake Malawi**, a UNESCO World Heritage Site since 1984, covers a third of the country and is a highlight of every trip to Malawi. At 560 km long and 80 km wide, it is the third largest inland body of water in Africa and is home to the greatest diversity of fish species of any lake in the world. Small bays with white beaches and the wonderfully clear water quickly make you forget that you are on a lake. If you love nature and want to escape the crowds, this is the perfect place to relax.

### **Driver Guide / Guide**

Your driver, who is also your tour guide, will accompany you throughout the entire trip (from Blantyre airport/to Lilongwe airport). During the safaris that you take from the various lodges, the nature guides employed there are responsible for you and look forward to introducing you to their country and its unique nature and wildlife. Other guests from the respective lodges may take part in these excursions, which take place in open Land Rovers/Land Cruisers (maximum 10 participants).

# The accommodations

Nestled in a beautiful garden and overlooking the impressive rainforest, the traditional *Huntingdon House\*\*\*\** hotel is picturesquely located on the grounds of the Satemwa Tea Estate, Malawi's first fair trade estate. Here, in the hilly south of the country, coffee and tea are still produced today. Five stylish and very individually furnished rooms measuring approx. 48m<sup>2</sup> (with WiFi) and an excellent kitchen with regional products ensure a carefree stay.

The *Mkulumadzi Lodge\*\*\*\** at the confluence of the Shire and Mkurumadzi Rivers offers a wonderful combination of seclusion and tasteful comfort. It has a cozy lounge with a bar, a small swimming pool and a viewing terrace with space for evening campfires. Meals are taken outdoors or in the covered area. The eight charmingly furnished chalets have a spacious bedroom and living area, bathroom with (not visible) outdoor shower, and a private, open terrace that gives the feeling of being in the middle of nature. Pure Africa!

The owner-managed *boutique hotel Kefi\*\*\** is furnished in colonial style in Malawi's former capital Zomba, at the foot of the Zomba Plateau. The terrace offers breathtaking views of the lush green forests of the surrounding area and, on clear days, even as far as Mount Mulanje. The five air-conditioned (and WiFi-equipped) rooms are tastefully furnished in the country's typical style. A house where you feel at home from the very first moment.

# The accommodations

The rustic and charming *Kuthengo Bush Camp\*\*\*\** is idyllically located on the Shire River and surrounded by baobab trees. It has a comfortable dining area, terrace and bar, as well as an open fireplace. The four safari tents with their ultra-modern and environmentally friendly "evening breeze air conditioning system" in the sleeping area have private bathrooms with an outdoor shower (which is not visible). Enjoy the incomparable view from your private terrace. The morning wake-up calls are taken over by the calls of the fish eagles living in the nearby baobab trees - a sound that you will remember fondly.

Due to its slight hillside location, the *Pumulani Lodge\*\*\*\** enchants with a spectacular view over southern Lake Malawi. The restaurant, bar, terrace and an infinity pool with atmospheric lighting in the evening invite you to linger and enjoy, as does the small bar on the lake beach. The ten villas with natural cooling, designed by the Dutch architect G. Hooft Graffland, are tastefully furnished - a private dinner on your veranda or by the lake with a panoramic view of the picturesque scenery is possible on request.

The environmentally friendly and sustainable *Blue Zebra Lodge\*\*\*\** is located on the private island of Nankoma Island, which resembles a wild paradise. In addition to an open-air restaurant with a panoramic view, it offers a beautiful infinity pool with a fantastic view over Lake Malawi. The bright and airy chalets, cottages and tents (all with standing fans and private bathrooms) are tastefully furnished, some with a view of the lake. A wide range of leisure activities ensure that boredom never sets in.
